GENERAL NEWS

Ridge Coal Company.

BIG DEVELOPMENTS ARE PLANNED

When These Are Carried Into Execution, the Company Will Have an Annual Producing Capacity of More Than Four Hundred Thousand made on grounds of patriotism, over thirty millions were subscribed for. This led to Tons-Its Main Office Will Be in

A number of Scranton capitalists 157, 262 shares. have purchased the Morris Ridge colliery about two and one half miles from
Mount Carmel. It is on the line of the
Labirb Valley sathead and is consi-Lehigh Valley railroad, and is considered one of the best coal properties in the anthracite regions. In addition they have also secured the Reno tract adjoining the Morris Ridg on the east. The Reno property consists of from four to five bundred acres of excellent coal land, and has the Manmouth, Buck Mountain, Red Ash, Skidmore and other veins. It is the purpose of the company to immediately open up the Rono tract, a very large breaker being already on the property, which, with the breaker on the Morris Ridge property, will give them a capacity of upwards of 400,000 tons annually. The

main office will be in this city. At a meeting of the stockholders the following directors were elected: Wilham H Chappell, John Schism, George W. Beale, Clarence R Shryer, E R. Griffiths, George W. Finn, George R. Clark, G. L. Clark, Marion W. Finn. At a meeting of the board of directors the following were elected officers William H. Chappell, president; G. L. Clark, vice president; George W. Finn, secretary Stephen P. Fenner, treasurer.

The December statements of business of the Reading railroad and the Coal and Iron companies made a favorable showing, especially the latter, the surplus earnings of which, notwithstanding the duliness af the coal trade, in creased over the corresponding month in 1892, \$128,709 As there is an increase in the deficit of \$86,441 for the railroad, however, the total surplus for both companies increased only \$42,268. Gross expenses of the Coal and Iron company increased during the month \$445,255, but gross earnings more than offset this amount by \$128,709 the total increase in this item being \$573,965 When the returns of other roads for December are taken into consideration, nearly all showing heavy decreases, the Reading's exhibit appears all the more favorable.

The Lehigh Valley is economizing. Monday night, twenty-one employes in the Lehigh Valley shops at Witkes-Barra, were suspended. The News-Dealer says there is plenty of work to do at the shops but the company officials say they must cut down expenses no matter how much work is to be done. It is rumored that a new schedule will go into effect shortly ! and that a number of trains will be taken off This will still further reduce the number of employes,

MISCELLANEOUS INDUSTRIAL NOTES: The telephone business is said to be now larger than the telegraph business.

It is expected that Indiana coal miners will strike against a reduction of wages. It is rumored that the Erie car works. recently burned down at Jersey City, will be rebuilt and located in Susquebanna. Not a single ton of steel rails has ever been produced in Canada, although 15,000 n lies of railway have been constructed. Erie directors will meet this week to prepare an answer to the letter which they have received from people opposing the present plan of reorganization.

The Edgar Thompson Steel work, after making steel rads for some time past, has returned to the mannfromre of billets. A number of men were laid off until work on rails is resumed.

About farty of the Ph ladelphia and Reading company's collieries will this week be operated only one day.

By Feb. 1, it is stated, the entire Lochiel works at Harrisburg will be in operation. The Dolphin Silk mill resumed operations at Paterson, N. J., with 500 weavers. After several months of idleness, some operatives of the Bigelow Carpet company at Clinton, Mass, returned to work in the

Washington, D. C. Jan. 30 -The onsideration of the tariff bill and the Hawaiian question has been partially eclisped by the revelation of certain figure which the Health Department of the Government has produced. It is shown that, as compared with other nations, America is in fact a nation of starvelings. We produce the grain, the Americans, themselves, appear thin, pale and often puny. Authorities are asking why this should be so, and it has been declared that itis because we are so intense, so active as a nation. A prominent man in an official capacity, however, has declared that it is because Americans do not se-cure the proper benefit from the food He asserts that 'the food that gets into the stomach is not digested, but after taxing the body to try to digest it, it fails to make any 2016 blood, thus leaving the body in a worse condition than before the food was taken.
